

Background Info on D25 Website Options

FROM FEBRUARY 10, 2022 MINUTES

Derek had found an outside contractor from a dependable source who gave a quote of a rate of \$30-\$60/hr who predicted the migration to Google Sites could be completed in 3-4 hours. Derek asked if focused discussion could lead to a possible vote to move forward at once rather than delay until March. Discussion followed. A motion was made to authorize Derek to contract the provider to migrate current site data to a new Google Sites platform at a cost not to exceed \$300. Motion passed unanimously.

MARCH, 2022 [see separate doc “3/30/2022 Web Task Force Committee Mtg”]

FROM APRIL 14, 2022 MINUTES

Web Task Force - Kaz B and Christina C: report tabled until May mtg, but see written report submitted detailing recommendations agreed upon by the T/F for member consideration.

FROM MAY 12, 2022 MINUTES:

Web Coordinator - (Christina C, for Web Task Force)

- Draft design considerations have been developed and offered to members for input.
- The benefits of choosing a WIX platform and the projected cost of \$725 for three years were presented. [An amount equal to that is already included in the 2022 budget approved tonight.]
- Discussion followed on whether to move ahead with creating a new website at this time or continue using the current one. The result was for the decision being tabled at this time.
- Subsequent discussion revealed that 1) the current website was adequate/not at great risk/paid for going forward; 2) the work on a possible WIX replacement was encouraging, but not “complete”; 3) that either staying put or moving to a new platform ‘required’ a new web coordinator to be in place.
- The only action taken was an understanding that GR’s (and others) were tasked with going back to their groups and seeking a volunteer(s) to assume the Web Coordinator service position.
